Profile

UI designer with front-end coding skilled at empathizing with people and creating usercentric design solutions. A well-rounded and open-minded team player who thrives on collaboration and designing creative solutions for users.

Education

***CareerFoundry*: Berlin, Germany**
Certificate Earned: June 2021
UI Design Program
Specializtion: Frontend Development for Designers

***St. Edwards University*: Austin, Texas**
Graduated December 2016
Bachelor of Arts: Interdisciplinary Studies in Business Management and Organizational Leadership and Communication

Projects-*CareerFoundry*

Music Player App: *Apollo* - July 2020
Designed a visual design inspiration board, a set of icons, a color palette including HSL, HEX, and RGB codes, low & mid fidelity wireframes, and a typography stylesheet. Meticulously designed a complete UI design to create a music player mobile app to prepare for handover to developers.

Responsive Web App: *Desert Vegan Kitchen* - November 2020
Conducted user research interviews, a competitive analysis, usability testing using rapid prototyping, preference tests and engaged in a peer "crit" session. Additionally, designed user personas, an MVP document, user flow diagrams, an interactive paper mobile prototype to create a moldboard, s style guide, low & mid responsive designs, and final mockups for responsive designs, including all screens and all breakpoints to create a responsive recipe web app.

Mobile App Design for iOS & Android: *Zenith Aviation* - February 2021
Designed a user interface, user flows, low & mid fidelity wireframes and a prototype to create a native iOS and Android mobile app while ensuring appropriate use of color, and a clearly defined typographic hierarchy.

Online Store: *Franzetti Jewelers* - February 2021
Conducted user tests, designed a user interface, user flow diagram, wireframes, mockups and using Adobe XD and Photoshop to create an online store responsive web app.

Responsive Portfolio Website - June 2021
Designed and developed a responsive website using HTML, CSS, and JavaScript to showcase a well-curated design portfolio for a professional network as well as potential employers.
